

Welcome to our practice! We are genuinely pleased that you have chosen us for your dental care. Our practice realizes the importance of referrals and we value them greatly. We are always excited to see new smiles coming through our door!

We take pride in our ability to provide you with the highest quality dental treatment, latest products and techniques in a warm and caring environment. We design treatment plans to meet our patient's individual needs.

At your first appointment, your doctor will complete a comprehensive oral examination. This includes a complete review of your medical and dental history, all necessary x-rays and intraoral photos, study models (if necessary), oral cancer screening, periodontal health evaluation, and examination of your teeth and soft tissues. Following this exam, your dentist will discuss their findings with you, develop a treatment plan that you are comfortable with, and then you will be scheduled according to your needs.

If you have dental insurance, be sure to provide all requested information to assist us in the benefit verification process. We make every effort to assist you in determining your level of financial responsibility after insurance reimbursement however, insurance is an agreement between you and your insurance company and all balances are the responsibility of the patient regardless of insurance. If you would like to finance your dental expenses we work with CareCredit and will be glad to provide you with information about CareCredit and how to apply. If you have any questions about finances please feel free to ask us at any time.

As a courtesy to our patients, we will make a phone call one or two business days prior to your scheduled appointment to confirm day and time. We respect your time and make every effort to stay on schedule, and ask that you extend that same courtesy to us.

We very much appreciate your confidence in us and look forward to getting to know you!

Sincerely,

Dr. Scott S. Johnson D.D.S. & Team
